

NOTICE OF CHANGES

TOWN OF JAY TRANSFER STATION & CURBSIDE COLLECTION

- ❖ Archie's Inc. of Mexico, Maine will provide the Town's curbside collection service. The Town is contracting with Archie's and will be paying for this service through the annual budget. There is no additional fee to you for this service.
- ❖ Archie's will pick up curbside trash/recyclables each week on Wednesday and Thursday, beginning Dec. 2nd & Dec. 3rd. The last day that the Town will pick up curbside collection is Wednesday, Nov. 25th. Archie's will begin curbside collection at 5:00 A.M. Trash/recyclables may be placed at the curbside, in proper containers, after 4:00 P.M. on the day prior to pick up or the morning of collection. See the collection route schedule provided on the back to determine your pick up day.
- ❖ If your pick up day falls on a holiday, Archie's will pick up on the following day that week. Notice of this will be advertised & posted on the Town's website at www.jay-maine.org.
- ❖ Beginning Dec. 1st, residents may use any trash bags that they choose. Recycling is still mandatory and residents are expected to do their part in helping our environment and our budget by adhering to this, but clear bags are longer required. We will continue to sell the clear bags until our inventory is exhausted.
- ❖ Also beginning Dec. 1st, all residents using the facility are required to stop at the recycling building and speak with the attendant before unloading any material. All recyclable material, universal waste, batteries, anti-freeze, used engine oil, electronic waste, freon containing devices, propane tanks and tires must be left at the recycling building. The only material deposited beyond the recycling building will be trash, clean & pressure treated wood, brush, inert material (bricks, cement blocks), ashes and leaves.
- ❖ Residents also are required to display a Jay Transfer Station entry permit sticker on their vehicle. The permit is free upon presentation of your registration and will be placed in the lower passenger side wind shield. The sticker is small, unobtrusive and will help stem the use of our facility by non-residents.
- ❖ Beginning Dec. 7th, the Transfer Station is closed on Sunday and Monday. The Transfer Station will be open Tuesday thru Friday 9-3 and Saturday 8-4. Please plan to conclude your business at the facility prior to closing time. Please also note that these hours are actual hours opened. The Transfer Station will no longer open earlier than the posted hours.
- ❖ Reminder, we cannot accept used clothing, bedding or stuffed animals at the Share Shack. These items will be immediately disposed of by our personnel. We are currently unable to locate an organization willing to place a collection box at our facility but the Salvation Army and Goodwill operate in Lewiston/Auburn and will happily accept your re-usable clothing.
- ❖ Reminder, we are not licensed to accept any Hazardous Waste at the facility. The only paint we can accept is latex paint in a hardened state. Paint may be returned to various local merchants free of charge. Please check with the attendant for information on paint return sites & acceptable returns.
